

IN THE SPECIFICATION

Please amend the specification as follows:

The paragraph beginning at page 1, line 5 is amended as follows:

This application is a continuation of U.S. Patent Application Serial No. 09/821,247, filed March 29, 2001, now issued as U.S. Patent No. 6,622,802, which is incorporated herein by reference.

The paragraph beginning at page 17, line 7, is amended as follows:

The operation of tool 10 when in standby mode will now be discussed. Standby mode occurs during any of the following conditions: 1) actuator button 101 is not being depressed by the operator, or 2) tip 185 is not being depressed by movement of the tool 10 against a work piece, or 3) neither button 101 nor [[or]] tip 185 is being depressed. In other words, tool 10 is in active mode only when button 101 and tip 185 are simultaneously depressed; however, active mode will be described later below.
